OUR VISION is to develop and operate a direct access day centre for the most vulnerable residents of Shrewsbury, offering them advice and support in a warm and welcoming environment.

We will offer comfort whenever we can, and will always care. We will try to help the vulnerable and those who feel excluded from society back onto their feet and encourage in them the self confidence and self sufficiency to cope for the present and to fend for themselves in future.

To Achieve this Vision

We aim to create:

- A refuge for those in need or distress
- A haven of friendship, warmth, and welcome in which people are listened to
- A source of immediate on the spot advice and support designed to contribute to the relief of need and distress
- A space in which other agencies can offer expert professional advice, help and support
- A limited menu of affordable food and drink for those in need
- An environment and opportunities which build self-confidence and self-respect enabling all to develop their potential

The Ark's parent charity is founded and run on Christian principles but we will not discriminate in any way against people of a different faith or of no faith at all.
